

Asian American Architects/Engineers Association Presents:

H2O Needed – Metropolitan Water District of Southern California

Thursday, March 19th, 2015 - 11:30am-1:30pm

About the Program:

California is experiencing a serious drought and our state will be challenged to meet its water needs in the upcoming years. These historic drought conditions are likely to have significant impacts on our communities, economy, and environment.

The Metropolitan Water District of Southern California (MWD) is one of the leading agencies working to target resources to help California combat and lessen the impacts of the drought.

Leading professionals from MWD will be presenting updates on:

- Annual Capital Improvement Program Overview / Upcoming Projects totaling over \$200 Million, including building facilities
- Current state of MWD's systems, forecast and strategy for their infrastructure assets.
- The Bay Delta Conservation Plan (\$25 Billion); which seeks to modernize major water systems in the Sacramento-San Joaquin Delta which has a direct impact on Southern California water resources.
- Opportunities for professional services including SBE

Don't miss this opportunity to learn about these important projects and the associated upcoming contract opportunities for the entire AEC community.

Panelists:

Brent Yamasaki, P.E. - Manager, Water Operations and Planning Section, MWD

Tobin Tellers, P.E. – Capital Program Management Unit, MWD

John Arena - Manager, Business Outreach Program
